KNOWN ASSOCIATES AUSTRALIA

VISION

100% Aboriginally owned, Known Associates Australia aims to create a united and hopeful future for Indigenous generations to come, strengthening inclusivity in Australia within the events industry and beyond.

MISSION

We direct immersive in-person events, communications pieces and design, launching and activating local and global brands, focusing on growth and collaboration for all Australians.

OUR STORY

We had a strong desire to set up a dynamic company that creates a bright future for our children and benefits and supports Indigenous generations to come.

The Indigenous focus is two-fold; Known Associates Australia prioritises working with other Indigenous businesses to strengthen inclusivity in the events and marketing industries and to grow a budding network of progressive, culturally aware businesses who are initiating positive change.

Secondly, the company focuses on an internship program for Indigenous tertiary students who want to enter the world of events.
